

Dear Children, Parents and Carers,

Engineers Week

Over half term is Engineers Week. Pupils are invited to complete an engineering related activity and can receive a certificate from the school if participating. Please send photos to Miss Parker in the office either via the admin email or Dojo so these can be tracked.

This is voluntary and there is no expectation for pupils to take part.

The website below has an example of some activities <https://discover.org/engineering-activities/> they may wish to complete! It can be as simple as a bridge made from Lego :)

Hygge Hub

Our latest addition to the school is our new Hygge Hub, which is inspired by the Nordic teaching model which promotes mental health and wellbeing. This links with our church values, self reflection and spirituality.

Thank you to FOPS for organising.

We are hoping to compliment this with a new fruit orchard for the school, more info to follow soon.

Athlete Visit

On the 11th Feb pupils participated in a circuits afternoon with Gymnast Kelly Simms who also gave an inspirational assembly on her career.

If you have any sponsorship forms/ money, could these please be given into the office. Reminder, there is no obligation to participate in the sponsorship part.

With Very Best Wishes

Emma Wilkinson
